## ADDENDUM TO THE COURSE DESCRIPTION

**Case study.**- A bibliographic study of a current infectious disease will be carried out. The conditions will be described in the virtual classroom, and the task will be uploaded there in the space created for it. It is part of the continuous evaluation.

The final mark for the subject will be obtained by adding the percentage obtained by each evaluation method.

The grade of "Not presented" will correspond to the student who has not taken part in different evaluable activities whose contributions to the final grade amount to more than 50% (Art. 80.4 of the Regulations for the Academic Regime of Degree Studies).

If during the review process, the student does not express his/her disagreement with that grade, it will be consolidated into the final grade for the course. Otherwise, you must notify the teacher and the final grade would be the contributed sum of the scores achieved in all the assessment methods to which you have attended according to the criteria established in this addendum.
